CREWFIT 150N HF

The Crewfit 150N HF combines the very best in design, performance and comfort. The ergonomic Fusion 3D shape, High Fit profile and twin waist adjusters allow for easy donning, freedom of movement and ensures maximum comfort even during long periods of use.

Heavy duty 500D front panels provide excellent durability for the working marine markets, whilst fabric shoulder panels retain a comfortable fit. In addition, this compact and lightweight workvest includes a soft loop harness point and crotch strap fitted as standard. Also included is an external indicator window allowing the user to check the firing mechanism with ease when required.

The 150N bladder out performs approval and offers 180N of buoyancy. The high visibility bladder hosts a built in chin support, location beacon attachment point and lifting becket.
