

**NEW**

# SCANSTRUT®

## CABLE SEALS

### Waterproof Cable Routing

**NEW**  
Horizontal  
Cable Seal

DS-H10 Sleek,  
Low-profile design.

#### Deck Seals

The only guaranteed and proven watertight installation for your cabled installations.

#### Easy Install

Each deck seal supplied with blank and pre-drilled inner seals to suit your requirements.

#### Intuitive Design

A low profile shape makes for a stronger, impact resistant seal; no sharp edges to hit your foot on.

#### No Need to Remove Connectors

Split seal eliminates need to remove cable connectors during installation.

#### Choice of Finish

Models are available in impact resistant UV stable plastic, Marine Grade 316 Stainless Steel or Marine Grade Aluminium.

DS16, DS21A/B, DS30, DS40 Deck Seals

DS-Multi Deck Seal

Model	Cable Size	Connector Size
